

Bream Creek Vineyard

◊ T A S M A N I A ◊

Bream Creek Vineyard is one of the pioneers of the modern Tasmanian wine industry. Our 7.5ha vineyard at Marion Bay in the south-east of Tasmania was originally planted in 1974, making it one of the oldest commercial vineyards on the island. Fred Peacock purchased the vineyard in 1990 and expanded the Pinot Noir and Chardonnay plantings, as well as introducing Sauvignon Blanc. Fred also planted what was arguably the first commercial planting of the rare German grape variety Schönburger in the southern hemisphere. Since 1990 our premium cool climate wine has been rewarded with 61 trophies and more than 1,150 show medals.

2024 Bream Creek Vineyard Chardonnay

Tasting Note

Vintage 2024 has one of the most unusual and unpredictable weather patterns we have seen. A number of localised weather patterns resulted in either very cold or unusually warm weather – usually accompanied by rainfall! Consequently, yields were mixed across varieties, but as the grapes were not stressed during the growing season quality was excellent, albeit at the expense of yields.

An aromatic nose of white stone fruit, citrus, grapefruit and floral hints lead to a intense and balanced palate, showing stonefruit, citrus and grapefruit flavours as well as oak spice and an expansive finish supported by fine acidity. Showing the concentration resulting from this vintage, you can enjoy this wine now; it also has the structure to gain richness with medium term cellaring.
