

CLAUDE RIFFAULT
SANCERRE

Claude Riffault Mosaïques Calcaire

The winery has been carrying as "Calcaire Mosaïque" since the 2022 edition. The sites that produce this distinctive wine are predominantly characterised by limestone features and come from areas such as Les Boucauds, Les Chasseignes and Les Denisottes, known for Terres Blanches and Caillottes.

Refinement of this wine is often in stainless steel barrels and, in some cases, in a lightly used larger wooden barrel, allowing it to age attractively over a seven-month period.

The flavour profile is rounded off by an overtone of white flowers and a hint of broom, based on the undertone of lime and chalk, mixed with lichen and herbs.

Palate: Opulent with striking extraction and rich material, lots of juice, yellow
