## She's Electric Single Vineyard Grenache

2023

### Seaview, McLaren Vale

Some vineyards have a remarkable story to tell and we came upon such a vineyard in late 2016. At the Seaview end of Chapel Hill Rd, its old bush vines contrasted by a planting of much younger Grenache. Apparently, half of the vineyard was burned when a bird caught light on a power line, fell to the ground and set light to the vineyard! We were so glad that some of the amazing old vines are still there for us to use.

Only 2774 Bottles Produced

#### Tasting

*Aromatic and lifted on the nose with a beautifully layered, textural palate with wild strawberry and spice.*

#### Viticulture

Dry grown, old bush vines, grown on red-brown sandy loams with quartz and ironstone. Low intervention viticulture with minimal spray regime, cover crops and promotion of biodiversity.

#### Winemaking

The fruit was hand-picked early in the morning before swift transport to the winery where we retained 50% whole bunches. A gentle foot pressing helped establish the wild ferment. Once fermented, the wine was transferred to 500l puncheons & 300 litre used French oak hogsheads where it stayed for 8 months before being bottled unfiltered and unfiltered.

#### Wine Analysis

Varietal: 100% Grenache

Alcohol: .14%

Total Acidity: 5.42 g/l

pH: 3.43

Residual Sugar: 1g/l

SO2: 74 mg/l

#### Vintage Conditions

The third in a series of La Niña influenced vintages, 2023 was perhaps the most extreme. In an erratic season, the consistent theme was of cooler than average temperatures and wet weather periods during the ripening period. Yields varied massively from site to site and this meant for massive variations in ripening periods and more detailed vineyard work than ever before. The lack of intense heat resulted in one of the latest seasons on record and the wines made display elegance, brilliant aromatics and supreme balance.
