WINEMAKING

Shiraz grapes from our organic vineyard were harvested in the cooler months. Individual batches were cool fermented on skins to maximise varietal aroma, The wine completed malolactic fermentation on oak staves to maximise integration and length, was blended and bottled.

VINTAGE

The conditions leading up to the 2022 vintage were cooler and damper than average. This, combined with some windy conditions during flowering resulted in a lengthier ripening period and an extended harvest. Mild conditions at the beginning of the year brought great aromatic expression across all whites. Some wet weather conditions followed, though still enabled the reds to yield bright fruit and varietal expression.
